Dear dr Delfgaauw, dear Josse,

During the meeting of the Programme Committee Economics & Business Economics on 10 October 2025, the discontinuation of the master specialization Economics of Markets & Organizations was discussed.

The Programme Committee understands that all efforts have been made to retain the master specialization, but no growth is expected, and capacity is needed elsewhere.

The members of the PC Economics & Business Economics, therefore, give their consent on the discontinuation of the master specialization Economics of Markets & Organizations, considering that it is ensured that current students can finish their studies.

Yours sincerely,

Prof Dr Michael Erkens
Chair PC Economics & Business Economics
