Subject
MSc selection letter, EUR 2024

Dear Ms Hennekam,

In response to the letter of 13 December 2022 sent by E&S, Subject: *Numerus fixus bachelor and selection due to capacity limitations master 2024-2025*, I would like to inform you about the selection process and admission restrictions which will apply for the 2024-2025 intake for the publicly funded master programmes of Rotterdam School of Management, Erasmus University. Attached you find the requested overview per programme group.

We propose admission restrictions for the following programmes:

- MSc International Management (60256), 65 seats. This programme is embedded in an international network of business schools and includes a mandatory international exchange semester that implies a restriction of available exchange seats on the side of the partner schools.
- MSc BA Business Administration (60644), 580 seats. This is required due to capacity restrictions.
- MSc Business Information Management (60453), 250 seats. This is required due to capacity restrictions.
- MSc Finance & Investments (60409), 340 seats. This is required due to capacity restrictions.
- MSc Global Business & Sustainability (60456): 250 seats. This is required due to capacity restrictions.
- MSc Marketing Management (60063): 260 seats. This is required due to capacity restrictions.
- MSc Strategic Entrepreneurship (60455): 125 seats. This is required due to capacity restrictions.
- MSc Strategic Management (60066): 350 seats. This is required due to capacity restrictions.

The application deadline for the 18-month MSc International Management/CEMS will be 31 January 2024. The application deadline for all other MSc programmes will be 15 May 2024. The 18-month MSc International Management/CEMS (CROHO 60256) is a selective programme where applicants are ranked after the deadline according to the criteria listed in the attachment. In the other programmes with capacity restrictions students are admitted on a first-come-first-serve basis if they meet the necessary admission criteria until the maximum number of applications to fill the available seats is reached.

The selection process and admission restrictions for 2024-2025 are identical with those approved by the Executive Board 2023-2024; therefore, a separate advice from the Faculty Council is not required.

As for the requested OER document, the OER for 2023-2024 is still work in progress and may be submitted later in spring (around May). All information is, however, in detail available on our website via <https://www.rsm.nl/admission/>, section *Master Programmes*, and since the criteria are in essence identical with the ones for 2023-2024, they can also be found in our [OER 2022-2023](#), pp. 7-8.

Please let me know if you have any further questions.

A handwritten signature in black ink, appearing to read 'M. Lander', written over a thin horizontal line.

Prof. dr. M. Lander
Dean of Education

Attachments: Description of the admission for the RSM MSc programmes 2024-2025

Attachments: Description of the admission for the RSM MSc programmes

A. The programme

CROHO number and programme name	60256 - MSc International Management (IM)
School	Rotterdam School of Management, Erasmus University
