

Fee waivers and scholarships EUR

Current waiver programs for non-EEA students
and options for expanding

January 2023

Background

- New regime institutional tuition fees since 2022-2023
- Overall: more income for the schools
- Recommendation UC and CvB: explore whether extra income through institutional fees can be combined with extra waivers / scholarships for students who are unable to fund their (entire) study themselves
- Education directors have been asked if/how they are willing to expand waiver practices
- Institutional Fee Committee proposes to boost existing waiver/scholarship programs: the Erasmus University Holland Scholarship and the Erasmus Trust Fund

Erasmus University Holland Scholarship (1/4)
