Details		
Topic		EUR Regulations of the Advisory Committee for Complaints and Objections 2021
To be discussed before		9 March 2021
Author / Section		Carp/Legal Department
Handled by (to be invited to the committee)		Rijsdijk/Carp
Date		26-1-2021

Context / Reason
The currently applicable rules of the Advisory Committee on Objections (Adviescommissie Bezwaarschriften: ACB) were adopted in 1999. Revision of these rules was necessary driven by the fact that the rules have not been adapted to current legislation (Awb). This results in changing and expanding the scope of the ACB from merely objections to objections and complaints (as laid down in Chapter 9 of the Awb).

Jurisdiction UC / Question to the UC
According to article 13.2 (2) BBR EUR, the EUR Regulations of the Advisory Committee for Complaints and Objections 2021 will be adopted by the Board after advice of the University Council

Short Summary
All Regulations of the Legal department / Legal Protection are and will be rewritten according to a fixed format. The UC was previously consulted about the EUR Whistle-blowers Regulations 2021 (Commissie Klokkenluider) and the EUR Complaint Regulation Undesirable Behaviour 2020 (Commissie Ongewenst Gedrag). The rules of the ACB have been rewritten according to this format and are adapted to the provisions of the Awb. The way objections are dealt with within the EUR, is in the new regulations in line with Chapter 6 and 7 of the Awb. Also, the new regulations have been expanded for the handling of complaints, in accordance with Chapter 9 Awb. This results in changing the scope of the ACB. The inclusion of the right of complaint has led to a name change: Advisory Committee on Complaints and Objections (Adviescommissie voor Klachten en Bezwaarschriften: AKB).

Follow-up process
The UC is asked to advise the Executive Board on this topic
