Context / Reason
As shared with the memo Report Midterm Evaluation HEQA that is on your calendar as well, herewith the plan of action of the recalibration of the Educational Vision for Q3 and Q4 of 2022.

Jurisdiction UC / Question to the UC
We will co create the educational vision with all stakeholders: the University Council is one of these stakeholders (next to: faculty representation; outside partners). Does this proposal meet your expectations? Please amend if necessary.

Short Summary
The memo gives you an overview of the process. Educational quality is rooted in the educational vision. The educational vision underpins our investment calendar HEQA. Since we are halfway, it is necessary to recalibrate main concepts in our educational vision. We will do so in a co-creative process with you. Design sessions will be planned from October through December. Not only with you, but with other stakeholders as well.

Follow-up process
Your amendments will be processed (if any) and we will start planning the design sessions. A delegation of the Council will be invited.
