

# Cover note University Council

Document number: 22.0000119

Case number: b22.00132

Details		
Topic		Progress Report CLI 2022
To be discussed before		31-05-2022
Author / Section		Marieke Veenstra / CLI
Handled by (to be invited to the committee)		Jeroen Jansz, Marieke Veenstra
Date		14-4-2022

Context / Reason
It is good practice to send the UC a progress report during the year. The CLI looks back at the activities and expenditures in the previous year and updates the plans for the current year.

Jurisdiction UC / Question to the UC
Based on this progress report, the UC is asked to give its consent on the spending of HEQA funding by CLI in 2022.

Short Summary
<p>This Progress Report starts with a description of the purpose, the mission and the themes of the Community for Learning &amp; Innovation (CLI). We indicate how the work contributes to ensuring future oriented education, the core theme of Erasmus University's Strategy2024.</p> <p>In chapter three we look back at the CLI work in 2021. We describe the activities and indicate what results were achieved. For each theme, we provide a reflection and conclusion.</p> <p>Chapter four is devoted to the planned activities in 2022. The budget was approved by the EB in November 2021 and was sent to the UC in January 2022. This chapter provides an update of the activities and budget in 2022. Questions asked by the UC in the meeting of 25 January have been answered in the text.</p> <p>In chapter five, we briefly sketch the multi-year perspective of CLI. When CLI was founded, it was established as a temporary programme ending in 2024. At the request of the EB, the management team draws up a plan for consolidation of CLI.</p> <p>The final chapter six is devoted to drawing overarching conclusions and reflect on the current situation with respect to educational innovation and the prospects for ensuring that Erasmus University's educational portfolio becomes increasingly future oriented.</p>

Follow-up process
The EB has already approved the the budget for 2022. Comments and advice from the UC can be taken into account by CLI in the work to be carried out in 2022 and beyond.
